OPENING PRAYER

Prior to the commencement of the meeting, Mr. Victor Mutinta led the members into a word of prayer.

OPENING REMARKS

The meeting opened with remarks from the Director of Development Planning, Ms. Naomi Simwanza, who thanked all stakeholders present for attending. She further encouraged participants to actively engage and contribute to the deliberations of the meeting.

APOLOGIES FOR ABSENCE

Apologies for absence from attending the meeting were received from the Director of Finance.

The matter was *NOTED*.

FEEDBACK

- Antelope Milling Company expressed appreciation to Luanshya Municipal Council for the rehabilitation of main roads in the district. However, stakeholders raised a concern regarding the absence of road signs, noting that this has contributed to accidents in the district. In response, the Director of Development Planning stated that road signs will be installed once the road rehabilitation works are completed.
- Stakeholders expressed concern over poor waste management practices in the district, highlighting the indiscriminate disposal of waste by members of the public. In response, the Director of Development Planning urged stakeholders to contribute ideas on possible interventions. After extensive deliberations, it was unanimously agreed that there is a need for public sensitization on proper waste management in the district.
- The Chamber of Commerce raised concerns about congestion caused by the bus station located in the Central Business District (CBD) and inquired whether the Council was

considering relocating the bus station back to Second Class. In response, the Director of Development Planning stated that plans are underway to construct a modern bus terminus at Second Class under Zambia Devolution Support Programme (ZDSP).

The matter was *NOTED*.

INTERGRATED DEVELOPMENT PLAN (IDP)

The Director of Development Planning briefed stakeholders on the significance of the Luanshya Municipal Council Integrated Development Plan (IDP), outlining its operational framework and the period it covers. She explained that the Luanshya IDP is a long-term strategic plan spanning ten years, developed through a participatory process. The plan serves as a guiding framework for budgeting, resource allocation, and service delivery at the local level.

Procedure of acquiring land

The Town Planner briefed the stakeholders on the procedure for acquiring land in Luanshya. He explained that the process involves identifying available land, obtaining consent from the relevant authority, and submitting an application through the local council. He further stated that the application is assessed through site inspection and approval, after which an offer letter is issued. Upon payment of the required fees, the land is surveyed and registered, and a title deed is issued.

The matter was *NOTED*.

CDF PROCEDURES

The Environmental Planner briefed the stakeholders on the procedure of the Constituency Development Fund (CDF). She explained that the process begins with the identification of community needs at the ward level. Project proposals are submitted through the Ward Development Committees to the Constituency Development Fund Committee for consideration. She further explained that approved projects may qualify for grants, loans, or skills development programs. Grants and loans are disbursed directly to beneficiaries or implementing bodies following approval, while skills programs are organized and delivered through training workshops, mentorship, or partnerships with relevant institutions. Projects are then implemented in accordance with established guidelines, and monitoring and accountability measures are conducted to ensure proper utilization of the funds.

The matter was *NOTED*.
