15. Mr. Joseph Solo, Chairperson Mpatamatu Ward
16. Mr. Joseph Pupe, Treasurer Mpatamatu Ward
17. Mr. Boniface Kazembe, Chairperson Lumumba Ward
18. Mr. Ignatius Chanda, WDC Secretary Lumumba Ward
19. Mr. Evans Mumbi, Chairperson Justine Kabwe Ward
20. Mr. Stephen Tembo, Secretary Justine Kabwe Ward
21. Mr. Davis Mpundu, Chairperson Buyantanshi Ward
22. Ms. Mary Nkuabilo, Treasurer Buyantanshi Ward
23. Ms. Christabel Ngulube, Secretary Nkulumashiba Ward
24. Mr. Peter Manyafu, Chairperson Kafubu Ward
25. Mr. Wesly Mwape, Secretary Buyantanshi Ward
26. Mr. Silomba J. Smyton, Secretary Kafubu Ward
27. Mr. Martin Tembo, Chairperson Nkulumashiba Ward
28. Mr. Peter Musongo, Vice Chairperson Nkoloma Ward
29. Mr. Lewis Chama, Secretary Nkoloma Ward
30. Mr. John Chilambwe, Treasurer Nkoloma Ward
31. Mr. Geoffrey Ntilima, Treasurer Kawama Ward
32. Mr. Jealous Simfukwe, Treasurer Nkulumashiba Ward
33. Mr. Francis Simbeye, Treasurer Milyashi Ward
34. Mr. Dayo Gulungana, Member Ngebe Ward
35. Ms. Annie Kisunka, Secretary Milyashi Ward
36. Ms. Majory Mulenga, Chairperson Milyashi Ward

37. Ms. Catherine Bwalya , Treasurer Justine Kabwe Ward
38. Mr. Boster Chitani ,WDC Secretary Mpatamatu Ward
39. Mr. Stephen Chisanga ,WDC Secretary Kansengu Ward
40. Ms. Festus Bwalya ,WDC Treasurer Kansengu Ward
41. Ms. Eneles Tembo, DMMU Member Nkulumashiba Ward
42. Ms. Jessy Nyirenda ,DMMU Member Nkulumashiba Ward

1) OPENING REMARKS

The facilitator, Mr. Moses Lukwesa, declared the meeting open and highlighted the importance of the engagement. He further stated that stakeholders were at liberty to ask questions, raise concerns, and make proposals, as that was the purpose of the meeting..

2) PRESENTATION ON BUDGETING AND PLANNING FRAMEWORK

Budgeting and Planning Framework in Local Councils – Zambia

1. National Development Plan (NDP)

Zambia is implementing the 8th NDP (2022–2026), focusing on:

- Economic transformation and job creation
- Human and social development
- Environmental sustainability
- Good governance and integrity

It promotes integrated planning, decentralization, and citizen involvement.

2. Budgeting Process

a. National Level:

Led by the Ministry of Finance and National Planning through stages such as:

- Issuance of Budget Call Circular
- Submissions by MDAs
- Cabinet and parliamentary approval

Budgets are aligned with NDP priorities.

b. Local Authorities (LAs):

Guided by the Local Government Act No. 2 of 2019. The process includes:

- Budget Call Circular from MoFNP/MLGRD
- Community consultations
- Approval by Council and MLGRD

Local budgets must align with:

- 8th NDP priorities
- IDPs
- ZDSP planning guidelines

3. Integrated Development Plans (IDPs)

These are medium- to long-term strategic plans (5–10 years) combining spatial and sectoral planning. Developed through participatory processes, IDPs guide budgeting, resource allocation, and service delivery at the local level.

4. Decentralization

Anchored in the 2013 National Decentralization Policy, its goals include:

- Devolution of authority and resources
- Enhanced local decision-making
- Improved service delivery
- Greater community participation

5. Zambia Decentralisation Support Programme (ZDSP)

Jointly funded by the Government and partners (e.g., EU, GIZ), ZDSP supports:

- Capacity building for LAs in planning and budgeting
- IDP implementation
- Strengthened local governance and accountability
- Performance-based grants

3) PRESENTATION ON BUDGET PERFORMANCE

The facilitator invited presenters from various departments who presented as follows:

❖ Engineering Department

The presentation was done by the Water Coordinator attached as Appendix A

❖ Planning Department

The presentation was done by the Senior Building Inspector attached as Appendix B

❖ Housing Department

The presentation was done by the Senior Health Inspector attached as Appendix C

❖ Finance Department

The presentation was done by the Chief Accountant attached as Appendix D

4) PRESENTATION ON BUDGET PROPOSALS AND SUBMISSIONS

The facilitator informed stakeholders that, in line with a directive from the Ministry of Local Government and Rural Development, they were required to submit proposals regarding their priorities for the 2026 budget.

Stakeholders proposed that:

- More earth-moving equipment should be procured to enhance the maintenance of feeder roads in the district.
- Mpatamatu Burial Site should be properly demarcated, noting the increase in the number of houses constructed near the area.
- The Council's debt could be managed by diversifying sources of income, including renovating Council buildings to make them more attractive for renting.

5) PLENARY

During plenary, stakeholders were invited to ask questions, make contributions and raise concerns.

1. Public Health Department

Inquiries:

- Stakeholders wanted to know the Department responsible for handling sanitation blockages which had proven to be a big problem in Mpatamatu Township
- Stakeholders inquired about actions being taken regarding bars operating without licenses and proper toilets, noting concerns about poor hygiene standards in such establishments.
- Stakeholders inquired whether the Mpatamatu Burial Site had reached full capacity.

The Public Health Department affirmed its authority to intervene and encouraged stakeholders to report non-compliant establishments to the Council for appropriate action. The Department further responded that it was responsible for ensuring that sanitation blockages are addressed, working in collaboration with Kafubu Water and Sewerage Company.

Inquiry:

A stakeholder asked on how Ward Development Committees (WDCs) could assist the Department in garbage collection, noting that the WDCs do not have income sources to procure garbage collection equipment.

Response:

The District Planning Officer suggested proposing the procurement of machinery through the Constituency Development Fund and advised that garbage issues should be reported to the Council.

The Council District Planning Officer informed the Stakeholders that the Council is working on identifying new burial sites in Mpatamatu area.

2. HOUSING DEPARTMENT

- **Inquiry:**

Stakeholders wanted to know whether the Section 27 bus station in Mpatamatu Township was legally established.

- **Response:**

The Department indicated that a response would be provided in due course regarding the bus station's establishment.

Inquiry:

Stakeholders inquired about what was being done about the bus station in first class which did not have a toilet.

Response:

It was explained that the bus station was temporary and would soon be relocated to the second class trading area.

3. Planning Department**Inquiries:**

- Stakeholders wanted to know why only 300 out of 1,000 plots had been properly allocated, expressing concern over the delays in allocation of the remaining plots.
- Stakeholders inquired about instances where churches had changed the use of their land for other purposes without formally applying for land-use change approvals.

Response:

The Department explained that plot allocation was a phased process and efforts were ongoing to ensure proper allocation of the remaining plots. Stakeholders were reminded that any land-use change, including by churches, must be initiated and approved through the Council. Additionally, all building plans must be submitted for scrutiny before construction.

Inquiry:

Stakeholders inquired why grant beneficiaries were receiving reduced amounts compared to what they had applied for to carry out their projects.

Response:

The Department explained that grant disbursements were based on available funding and prioritization of projects. Reduced amounts were sometimes necessary to ensure that more beneficiaries could access support, and allocations were made transparently following assessment of project feasibility and impact.

Concern:

Stakeholders raised concern that open-pit mining in Section 28 was causing cracks in houses in the area.

Response:

The Department indicated that it was reviewing protective measures to safeguard affected communities and mitigate the impact of mining activities.

4. Engineering Department**Inquiries:**

- Stakeholders wanted to know why some street lights in Mpatamatu Township streets were not functional.
- Stakeholders inquired about plans to establish a Mini fire station in Mpatamatu or Roan to improve emergency response.

Response:

The Department indicated that the Council currently lacked machinery, which has affected street light maintenance, but efforts are ongoing to repair and restore the lights. Stakeholders were also informed that they have the opportunity to include a proposal for a fire station as part of community project submissions.

7. FINANCE AND REVENUE COLLECTION**Inquiry:**

- Stakeholders inquired whether Ward Development Committee members would collect revenue on commission.
- Stakeholders suggested that the Council should sensitize the general public through the PA system whenever there are new developments regarding payments using mobile money services.

Response:

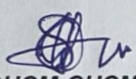

In response, Council Finance Department explained that Ward Development Committee members would be given a fee as motivation for their input in revenue collection.

6) CLOSING REMARKS

Mr. Moses Lukwesa urged all stakeholders to submit their proposals by next week at the Civic Centre to ensure their inputs are considered in Council planning and decision-making.

Next Meeting:

- o **Date:** To be communicated
- o **Time:** To be communicated
- o **Location:** To be communicated

PREPARED BY; GERSHOM CHOMBA
COMMITTEE CLERK
